Function	Medical health services□Patient plate,Electrosurgical
MOQ	500PCS

In the realm of medical accessories, products engineered for optimal conductivity and comfort in medical and rehabilitation applications, such as the *Small Silicone Negative Plate - TO OPEN BLK model*, are highly regarded. The [Integrated Multi - Lead Electrode Cable](#) similarly plays a crucial role in the medical field. Widely used with various medical devices, it enables precise signal transmission, providing strong support for medical diagnosis and treatment—just like the Small Silicone Negative Plate, it is an indispensable accessory in medical procedures.

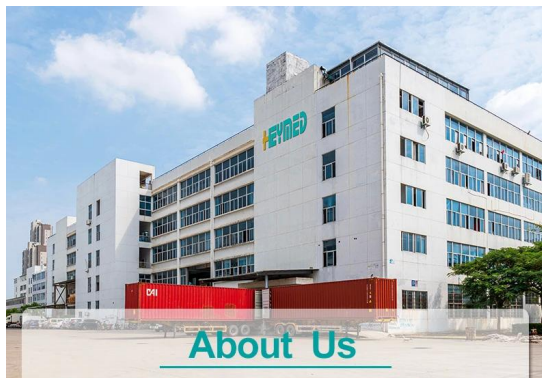

Another comparable product is the [Electrode Pads](#). Similar to the black silicone negative plate, these pads are crafted from high - quality materials to ensure excellent skin adherence. They are extensively used in various rehabilitation therapies and medical monitoring applications, assisting patients in receiving better treatment.
