Our Double-row 4Pin 2.5mm Pitch Connector to 2.0mm Electrode Pins Cable is a reliable connection solution, meticulously engineered by our experienced team in Dongguan, China. With ISO13485 certification, this cable ensures high precision and durability, making it suitable for various applications in medical, electronic, and industrial fields. As a professional supplier and factory, we provide customizable options to meet different project requirements.

Just like us [Custom 2-piece electrode cable](#) and [Snapshot Connector Wire Wire](#), This model is intended to be used for long-term use in clinical and personal therapeutic applications. Each wire is manufactured under strict quality control in our Dongguan-based factory and is backed by ISO13485 and ISO9001 certifications.

We provide a complete customization service for plug types, wire lengths, colors and labels to meet your specific application and brand needs. As a professional supplier and manufacturer, we ensure consistent quality and reliable delivery times for all OEM/ODM orders.

Certification and compliance:

The cable meets stringent standards to ensure the highest level of quality and safety in the medical field:

- **ISO 13485:** Certification ensures compliance with international standards of medical equipment quality management systems.
- **ISO 9001:** Make sure the product is manufactured under a sound quality management system.
- **FDA Approval:** The product is registered with the U.S. Food and Drug Administration and meets its medical device standards.
- **CE MDR certification:** Comply with the EU Medical Equipment Regulation (MDR) to ensure the safety and effectiveness of medical uses.
