3.5mm 4.0mm Female EMS Snap Cable is the most common type of cable in ECG Electrode cables,like our common **type c cable to 3.5 4.0mm electrode cable**.But there are not many cables that match this type of aviation plug.

According to the requirements of our customers, we customize the electrode cable used on different instruments

according to the plugs that the customers want,like this **aviation plug to 2.0 electrode pin cable.**
