

Product name	Factory Direct Customize 4 Pin Lemo Male Plug to Pedal Switch Physiotherapy Wire in Guangdong ISO9001 ISO13485 Certificated
application	Stimulation machine, physical therapy instrument
length	10cm, 20cm, 50cm, 100cm or customized
color	Black,Gray, white, black and customized
Conductor material	Tinned copper
Package	Individually packaged

Application:

- **Hospital physiotherapy departments:** It is used in various physical therapy projects, such as electrostimulation therapy, heat therapy, etc., to help patients relieve pain and promote muscle recovery.
- **Rehabilitation centers:** It cooperates with professional rehabilitation equipment to assist patients in post - operative rehabilitation training and accelerate the recovery of physical functions.
- **Beauty salons:** It is applied to the electrotherapy function of beauty instruments to achieve beauty effects such as skin tightening and improved blood circulation.

Main features:

- **High - quality Interface:** The durable [high quality Lemo male connector](#) is adopted, which has a long plug - in and unplug - in lifespan. It can maintain a stable electrical connection during frequent use, effectively reduce the contact resistance, and ensure stable current transmission.
- **Unique Split - line Design:** With a 4 - in - 1 structure, it can connect four high quality [electrode clips](#) simultaneously, meeting the needs of simultaneous physiotherapy on different parts of the body and improving the treatment efficiency.
- **High - performance Cable:** The main cable is made of high - purity copper cores and covered with high - quality insulating materials. It has excellent flexibility and anti - interference ability. While ensuring the stable transmission of signals and current, it can effectively resist external electromagnetic interference. Meanwhile, to meet the needs of different customers, we also offer similar cables, such as [Lemo Plastics Plug to 4.0mm Gold-Plate Electrode Female Snap with 2 Lead Wire](#)

Certification and Compliance:

This cable meets strict standards to ensure the highest quality and safety levels in the medical field:

- **ISO 13485:** Certification ensures compliance with international standards for medical device quality management systems.
- **ISO 9001:** Ensure that products are manufactured under a sound quality management system.
- **FDA Approved:** The product is registered with the U.S. Food and Drug Administration and meets its medical device standards.
- **CE MDR certification:** Complies with the EU Medical Device Regulation (MDR) to ensure safety and effectiveness for medical use.
