The 3 Pole 3.5mm Audio Male Plug to 3.5mm Female Snap Cable is an ideal choice for medical and audio applications, offering secure connections and reliable signal transmission. This cable features three lead wires, constructed with high-quality copper conductors and durable insulation, ensuring enhanced performance and minimal interference.

Manufactured by a leading supplier in Dongguan, China, this product meets ISO 13485 & ISO 9001 certification standards, ensuring quality and safety for medical and professional use. It is widely used in [ECG monitoring](#), physiotherapy equipment, and [audio transmission applications](#).

As a professional manufacturer and supplier, we offer OEM & ODM customization services, allowing clients to tailor cable length, wire material, and connector types based on specific industry requirements. Whether you need standard configurations or fully customized designs, we provide cost-effective and high-quality solutions.

.

Application:

- **Hospital physiotherapy departments:** It is used in various physical therapy projects, such as electrostimulation therapy, heat therapy, etc., to help patients relieve pain and promote muscle recovery.
- **Rehabilitation centers:** It cooperates with professional rehabilitation equipment to assist patients in post - operative rehabilitation training and accelerate the recovery of physical functions.
- **Beauty salons:** It is applied to the electrotherapy function of beauty instruments to achieve beauty effects such as skin tightening and improved blood circulation.

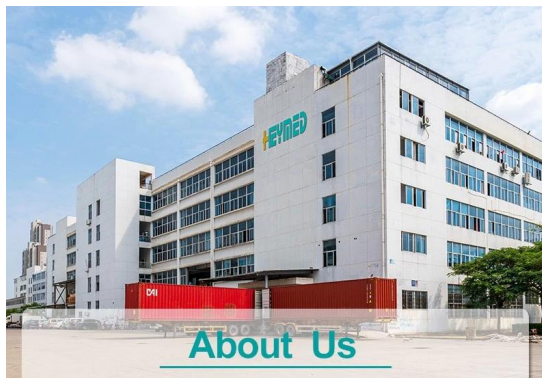

Certification and Compliance:

This cable meets strict standards to ensure the highest quality and safety levels in the medical field:

- **ISO 13485:** Certification ensures compliance with international standards for medical device quality management systems.
- **ISO 9001:** Ensure that products are manufactured under a sound quality management system.

- **FDA Approved:** The product is registered with the U.S. Food and Drug Administration and meets its medical device standards.
- **CE MDR certification:** Complies with the EU Medical Device Regulation (MDR) to ensure safety and effectiveness for medical use.
