

Product name	High Quality USB A Male to 6P Lemo Connector Physiotherapy Cable Factory Direct Supplier ISO9001 ISO13485 Manufacturer
application	Stimulation machine, physical therapy instrument
length	10cm, 20cm, 50cm, 100cm or customized
color	Black,Gray, white, black and customized
Conductor material	Tinned copper
Package	Individually packaged

Purpose and Application Scenarios

- **Purpose:** This cable is specifically designed for physiotherapy equipment, enabling the transfer of data and power between devices. It is used to connect devices such as electrotherapy machines, massage devices, and other healthcare equipment with USB - enabled control units.
- **Application Scenarios:** It is widely used in hospitals, physiotherapy clinics, rehabilitation centers, and even in home - based physiotherapy setups where reliable and high - quality cables are required for effective treatment.

Main features:

- The [USB A male connector](#) is made of high - grade copper, ensuring excellent electrical conductivity and durability. It resists oxidation and corrosion, providing a stable connection over a long period.
- The [6P Lemo connector](#) is precision - engineered with a locking mechanism that guarantees a secure and tight fit. It prevents accidental disconnection during use, which is crucial in medical applications.

.

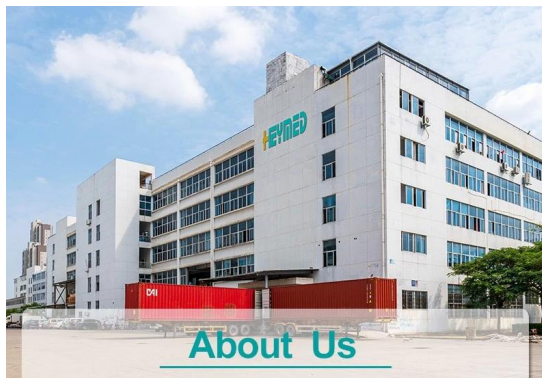

Certification and Compliance:

This cable meets strict standards to ensure the highest quality and safety levels in the medical field:

- **ISO 13485:** Certification ensures compliance with international standards for medical device quality management systems.
- **ISO 9001:** Ensure that products are manufactured under a sound quality management system.
- **FDA Approved:** The product is registered with the U.S. Food and Drug Administration and meets its medical device standards.
- **CE MDR certification:** Complies with the EU Medical Device Regulation (MDR) to ensure safety and effectiveness for medical use.
