This **3-lead electrode cable** is designed to connect a range of medical devices such as TENS units, EMS muscle stimulators, and ECG monitors. Featuring a **Micro 5P male plug** on one end and three **4.0mm female snap connectors** on the other, it ensures stable and secure contact with electrode pads during patient treatment.

Manufactured by an ISO13485 & ISO9001 certified medical cable factory in Dongguan, China, this product adheres to international quality standards and is widely used in professional physiotherapy and bioelectrical stimulation equipment.

Our team provides OEM/ODM custom snap lead wires, including adjustable lengths, cable sheath colors, and branding options for private labeling.

As a reliable Chinese supplier of medical electrode cables, we ensure fast production turnaround, strict quality control, and responsive B2B service for healthcare brands, equipment manufacturers, and global importers
